Concrete for Exterior & Interior

The grey concrete specially for exterior and interior is next generation texture. When you think grey. The very first you imagine concrete. Auramaxx Concrete is very luxury texture product that give you actual decent concrete grey look. Auramaxx offer you all the look feel and style of authentic concrete without the hassle cost or a difficult installation process. Each urban concrete panel has been formed from a real concrete mold and them is hand painted to match the authentic look of poured concrete walls.
